

Set Rate Annuity

A single-premium, tax-deferred annuity with market value adjustment issued by First SunAmerica Life Insurance Company

Product Overview

First SunAmerica Guarantees

Interest Rate Guaranteed Periods	First SunAmerica Life Insurance Company guarantees the MVA interest rate for the five-, seven-, eight-, nine- or ten-year term of your contract. ¹
Minimum Guaranteed Renewal Rate	Regardless of future economic conditions, your annuity is guaranteed to renew at or above the minimum interest rate, which is listed in your contract or applicable endorsement(s). ²
Immediate Crediting	Interest crediting begins the same day the money is deposited into the First SunAmerica account.
Guaranteed Rate Lock	Initial rate guaranteed for 90 days from date of signing the application on any Section 1035 exchange, direct rollover or transfer. ³
Free-Look Guarantee	First SunAmerica allows a 20-day free-look period.
Return-of-Premium Guarantee	The contract owner may return his/her annuity anytime for an amount equal to the purchase premium paid (less any withdrawals of interest or principal), or the withdrawal value (annuity value less any early withdrawal charges), whichever value is greater. ²
Tax-Qualified Distributions	First SunAmerica will make all necessary calculations to ensure IRS required minimum distributions (RMD) are made, unless the contract owner requests otherwise. Prior to any RMD, the company will notify the owner of distribution options.
Statements	Each customer receives a welcome letter and an annual statement.

¹ Depending on market conditions some interest rate options may not be available at all times. Please check with your licensed representative for availability.

² This and all guarantees mentioned are subject to the claims-paying ability of the insurance company.

³ By company practice, which is subject to change.

Market Value Adjustment

	<p>A market value adjustment applies in the event of early and/or excess withdrawal during an MVA term period. The adjustment can either increase or decrease the remaining annuity value depending on the current interest rate environment.⁴ If rates have increased since the time of purchase, the MVA will reduce your annuity value. If rates have decreased, the MVA will increase your annuity value. Should a negative adjustment apply, the amount changed will not result in your earning less than the minimum guaranteed rate. MVA does not apply to withdrawals representing free withdrawal amounts, premium guarantee, or death benefit.</p> <p>⁴ The five-year Constant Maturity Treasury rate reported by the federal reserve is used to measure rates.</p>

Withdrawals

Penalty-Free Withdrawal Privilege	After the first contract year, 10% of the previous anniversary annuity value may be withdrawn annually with no market value adjustment or early withdrawal charge applied. Also, there is a 30-day window at the end of each MVA term to surrender without MVA or early withdrawal charges.
Systematic Withdrawal Frequency	Monthly, quarterly, semiannually or annually. If the withdrawal amount is less than \$50, check frequency will move to the next withdrawal period.
Systematic Amount Options	1) Interest only. 2) Fixed-dollar amount (free if less than permitted free withdrawal amount allowed 30 days after purchase).
Systematic Withdrawal	\$50 minimum amount. Systematic withdrawals ³ are mailed by check or deposited into a designated account on the 1st, 10th or 25th day of the month payment is due.
Random Withdrawal	\$250 minimum amount. (\$2,000 minimum value to maintain contract.) ³ By company practice, which is subject to change.

Taxes, Tax Advantages & Tax-Free Transfers

Tax Deferral	Federal income taxes are deferred until the year interest is withdrawn. ⁵ There is no tax deferral if the owner is a corporation. If the owner is a trust or other entity, please consult a tax advisor regarding the tax-deferred status. The return of principal may also be taxable on tax-qualified annuities, such as traditional IRAs.
Tax-Advantaged Income	Once the contract is annuitized, part of each annuity income payment is considered a tax-free return of principal (except tax-qualified annuities, such as traditional IRAs, where the principal may also be taxable).
Pre-59½ Withdrawals	Withdrawals of interest prior to age 59½ may be subject to a 10% federal income tax penalty. The penalty may be waived for death, total disability (as defined by the IRS), or if the payment is made as part of a series of substantially equal payments for the life expectancy of the owner (except tax-qualified annuities where the entire amount withdrawn may be subject to a 10% federal income tax penalty).
Tax-Free Exchange	May be used for exchanges from a life insurance or endowment contract or another annuity. A 90-day rate lock applies. To maintain non-taxable status, the owner and annuitant must remain the same, and the owner cannot take receipt of the funds.
Tax-Qualified Plans	May be a tax-qualified contribution, or a transfer or direct rollover of funds for IRAs, SEPs, Keoghs or 401(k)s. ⁵ Unless your annuity is a Roth IRA, for federal income tax purposes, withdrawals are treated as earnings first, subject to ordinary income tax, and as a return of principal after earnings are exhausted.

Charges & Fees

Death Benefits (Before annuity date)

Spousal Beneficiaries	If the spouse is the sole beneficiary of a deceased owner, he/she may elect to become the new "owner" or receive a distribution.
Non-Spousal Beneficiaries	Upon the death of any owner, the beneficiary may receive either annuity income beginning within one year or a total distribution within five years.

Early Withdrawal Charge Waivers

Extended Care:	After the second contract year, early withdrawal charges will be waived if the owner is confined to a qualifying institution or extended care facility for 90 consecutive days or longer.
Terminal Illness:	Early withdrawal charges will be waived on one full or partial withdrawal upon the diagnosis of a terminal illness that will result in the death of a contract holder within one year. Written documentation from a qualified physician is required.
Activities of Daily Living:	After the first contract year, withdrawal charges will be waived if the owner cannot perform two or more of the six defined activities of daily living (bathing, continence, dressing, eating, toileting, and transferring) for at least 90 consecutive days. Written certification by a licensed healthcare practitioner is required.

Tax-qualified contracts such as IRAs, 401(k)s, etc., are tax deferred regardless of whether or not they are funded with an annuity. If you are considering funding a tax-qualified retirement plan with an annuity, you should know that an annuity does not provide any additional tax-deferred treatment of earnings beyond the treatment by the tax-qualified retirement plan itself. However, annuities do provide other features and benefits such as income options.
