Withdrawals of taxable amounts are subject to ordinary income tax and, before age 59½, generally subject to a 10% IRS penalty tax. The \$300 minimum withdrawal amount is reduced to \$100 if taken through a systematic withdrawal program that is available free of charge.

### Market Value Adjustment (MVA)

An MVA applies only to transfers and withdrawals from a GRO before the end of the guarantee period. It reflects the impact of any change in the MVA rates from the time the guarantee period was selected. Generally, if the MVA rates *increased* since the time of your contribution, the MVA *reduces* the GRO value distributed. That means less money to you. On the other hand, if the MVA rates *decreased* since the time of your contribution, the MVA *increases* the GRO value distributed. That means more money to you.

Note that no MVA applies to transfers during the last 30 days of the GRO period. It does apply at all times including upon annuitizations and withdrawals in excess of the penalty-free amount.

The MVA will not result in a return of less than the contribution to the GRO, less transfers, withdrawals and associated charges, plus the minimum interest guaranteed on the contract. Withdrawal charges may reduce this amount.

### Withdrawal Charge Waivers<sup>3</sup>

Provided Integrity and National Integrity receive prior required notification, withdrawal charges and MVA may be waived for hardship distributions. Eligible hardships include disability (National Integrity only) or unemployment, terminal illness and medical care including nursing home, hospital and long-term care facility confinement (Integrity only). Similarly, required minimum distributions also may qualify for waivers.

### Transfers

Transfers can be made to other New Momentum GROs and quarterly interest option at the end of the guarantee period. No MVA applies on transfers from GROs 30 days prior to the end of the current guarantee period. If you do not choose a new guarantee period, your guarantee will renew at the same initial duration. Minimum transfer amount: \$1,000.

### Death Benefit

- During the accumulation period, your beneficiary receives the current account value calculated at the time that proof of death is received.
- Your annuity contract pays death benefit proceeds directly to the named beneficiary without the delay, expense and publicity of probate.

### Contract Fees

None

<sup>3</sup> Exceptions apply. Hardship waivers are not available in MA and SD. Hardship waiver does not include unemployment in IN, MT, NJ, OR, PA, SC and TX. Waivers applied for disability only in NY.
