INTRODUCTION

Thank you for applying for a *Lincoln MYGuaranteeSM Plus* Fixed Annuity. We want to make sure that you understand its features and benefits. Please read the following information carefully.

This document reviews important points to think about before you buy this Lincoln annuity. This annuity is single purchase payment (premium) which means you buy it with one premium (payment). It is a fixed annuity, which means the annuity earns a specified interest rate during the guaranteed period. This annuity is deferred, which means payouts, as described below, begin at a future date. You do not pay taxes on the interest the annuity earns until the money is paid to you. You can use an annuity to save money for retirement or other long-term needs and to receive retirement income for life. It is not meant to be used to meet short-term financial goals. It is intended for a person who has enough cash or other liquid assets to pay for living expenses and unexpected emergencies, such as medical bills. **If you have questions about this annuity, please contact your agent, broker, or advisor, or contact a Lincoln representative at (800) 950-2454, option 7.**

THE ANNUITY CONTRACT (Note: Contract may be referred to as “policy” or “certificate”.)

- *Lincoln MYGuaranteeSM Plus* is a Single Purchase Payment Deferred Annuity with Market Value Adjustment. Additional purchase payments (premiums) may not be added to the contract.
- The minimum premium payment for a *Lincoln MYGuaranteeSM Plus* Fixed Annuity is \$10,000.
- Elect an Initial Interest Rate Guaranteed Period:
 3 years 4 years 5 years 6 years 7 years 8 years 9 years 10 years
- **The current initial interest rate*** is _____%

How will the value of my annuity grow?

Your annuity earns tax-deferred interest at a guaranteed rate for a guaranteed period. When you buy your annuity, you choose an **interest rate guaranteed period** of 3-10 years. The guaranteed interest rate depends on the guaranteed period you choose and current interest rates published by Lincoln. Your contract’s interest rate will be the interest rate in effect on the day your contract is issued.

After the initial guaranteed period, Lincoln will declare annually, at its discretion, an interest rate for each subsequent contract year. The guaranteed minimum interest rate will be between 1.00% and 3.00%. Subsequent rates may differ for new contracts or for other contracts issued at different times.

Interest compounds daily and is credited to your contract each day. All interest rates are expressed as annual effective interest rates. If you take partial or systematic withdrawal(s) during the contract year, your actual earned interest amount will be reduced due to an interruption of interest compounding.

If you withdraw money from your annuity or surrender your annuity before the end of the surrender charge period, other charges may apply (see “FEES, EXPENSES & OTHER CHARGES” on page 2).

If you do not withdraw the premium payment or any interest from your annuity, the value of your annuity cannot go down.

BENEFITS

How do I get income (payouts) from my annuity?

After the 5th contract year**, you (as the annuitant) can start to get income from your annuity (“annuitization”). If your contract’s surrender charge period is less than five years, you can start to get income at the end of the surrender charge period. You can choose how to get the income—the payout option. Your payout option choices now are:

- **Income for a Fixed Period:** Pays income for a period of at least 5 years.
- **Life Only:** Guarantees income for as long as you live.
- **Life Income with Guaranteed Period:** Guarantees income for as long as you live. If you die within the guaranteed period (usually 10 or 20 years), pays income to your beneficiary for the rest of the period.
- **Life with Installment Refund:** Pays income as long as you live. If you die before the sum of the payments equals the amount of the annuity proceeds on the date you start receiving income, Lincoln will continue to make income payments until the sum of all annuity payments equals the annuity proceeds.

(Continued)

* The actual interest rate credited will be the rate in effect on the day the contract is issued subject to applicable rate lock provisions. **Interest is calculated from the date the contract is issued. No interest is credited between the date the premium payment is received and the date the contract is issued.**

** For contracts issued in Florida, “After the 1st contract year.”

- **Interest Only:** For an agreed-upon period of at least 5 years, Lincoln will hold your annuity proceeds, which will earn interest at a rate Lincoln declares annually. During this period, you have a choice:
 - a. Interest will be paid periodically; or
 - b. Interest will accumulate.
 At any time during this period, you may choose another payment option to receive your annuity proceeds, including any accumulated interest. At the end of the period, you may choose another payment option to receive your annuity proceeds, including any accumulated interest, or receive them as a single (lump sum) payment. Annuity payments are calculated at an interest rate of no less than 1.50%.
- **Income of a Fixed Amount:** Annuity payments are paid in an agreed amount until annuity proceeds and interest are exhausted. The payment period must be for at least 5 years.

If you do not choose a payout option, Life Income with a Guaranteed Period of 10 years will become effective.

Once you start to receive your payouts, you can not surrender your annuity.

What is the Maturity Date?

The maturity date is the date when your annuity ends its **accumulation (interest-earning) phase** and begins the **income (payout) phase**.

The maturity date will be shown on the schedule page of your contract. You may change the maturity date anytime before income payments begin. The maturity date will be no earlier than the 5th contract anniversary*** and no later than the 10th contract anniversary or the contract anniversary on or immediately following your 95th birthday. At the maturity date, no withdrawals can be made and the death benefit, if any, will be determined by the payout option you have chosen.

What happens after I die?

If you die before we start to pay you income from your annuity, the value of your annuity is payable to your beneficiary. If you die after the payouts start, depending on the type of payout you chose, we will pay the remaining value in the annuity, if any, to your beneficiary.

FEES, EXPENSES & OTHER CHARGES

Are there any front-end sales charges or annual administrative fees?

The *Lincoln MYGuarantee*SM Fixed Annuity has no front-end sales charges or annual administrative fees. Some states charge a premium tax. Lincoln deducts premium taxes if Lincoln is required to pay them.

What happens if I take out some or all of the money from my annuity?

Your *Lincoln MYGuarantee*SM Fixed Annuity is a long-term contract. You should plan to keep your annuity for at least the duration of the contract's surrender charge period. However, you can access the money in your annuity when you need it. Before payouts begin, you can withdraw all of your annuity's value (**full surrender**) or part of it (**partial surrender**). You can take a partial surrender as long as the amount you take is at least \$100 and you leave at least \$5,000 in the contract.

Surrenders during the surrender charge period for a *Lincoln MYGuarantee*SM *Plus* Fixed Annuity are subject to a surrender charge. Surrender charges are expressed as a percentage of the contract's accumulation value after applying any Market Value Adjustment ("MVA"). The surrender charge schedules are shown below:

8-year	7.00%	7.00%	6.00%	5.00%	4.00%	3.00%	2.00%	0.00%		
9-year	7.00%	7.00%	6.00%	5.00%	4.00%	3.00%	2.00%	0.00%	0.00%	
10-year	7.00%	7.00%	6.00%	5.00%	4.00%	3.00%	2.00%	0.00%	0.00%	0.00%

Example: Assume you have a *Lincoln MYGuarantee*SM *Plus* Fixed Annuity with an accumulation value of \$50,000 and wish to withdraw \$15,000 in the third contract year. If this is your first withdrawal during the current contract year:

The first 10% of your accumulation value, or \$5,000, will have no (\$0) surrender charge. For the balance of your withdrawal, or \$10,000, we will apply an MVA (see MVA below) and a surrender charge of 6%. Assuming the MVA is \$100 then, the surrender charge is $(\$10,000 - 100) \times 0.06 = \594 . As a result, you would receive \$14,306 ($\$15,000 - \text{MVA} - \text{surrender charge}$).

*** For contracts issued in Florida, "no earlier than the 1st contract anniversary".

Due to surrender charges you may receive less than your premium if you surrender your annuity during the early years.

When you make a withdrawal during the surrender charge period, we may increase or decrease the amount you receive based on a **Market Value Adjustment** (“MVA”). If interest rates went up after you bought your annuity, the MVA will likely decrease the amount you receive. If interest rates went down, the MVA will likely increase the amount you receive. In no case will an MVA reduce the cash surrender value below the guaranteed minimum cash surrender value provided by the contract. The MVA cannot increase the cash surrender value by more than the maximum amount that the MVA can decrease the cash surrender value.

You can not take any of the money out of your annuity after the payout phase begins.

Are there exceptions to surrender charges and an MVA?

Yes, there are several exceptions:

- **Free partial surrenders.** Each contract year you may take free partial surrenders of up to 10% of the contract’s accumulation value without an MVA or surrender charge. Any amount in excess of 10% may be subject to an MVA and surrender charge.
- **Annuitization:** You can choose to begin to receive income payouts after the 5th contract year**** and receive the full accumulation value, without an MVA or a surrender charge.
- **Death benefit:** Should you die before you begin to receive income payouts, a death benefit will be payable consisting of an amount equal to the greater of the accumulation value or the guaranteed minimum cash surrender value provided by the contract.

Do I pay any other fees or charges?

No. There are no other fees or charges on this annuity.

TAXES

How will payouts and withdrawals from my annuity be taxed?

This annuity is tax-deferred, which means you do not pay taxes on the interest it earns until the money is paid to you. When you take payouts or make a withdrawal, you pay ordinary income taxes on the earned interest. You also pay a 10% federal penalty tax on earnings you withdraw before age 59½. If your state imposes a premium tax, it will be deducted from the money you receive. You can exchange one tax-deferred annuity for another without paying taxes on the earnings when you make the exchange. Before you do, compare the benefits, features, and costs of the two annuities. You may pay a surrender charge if you make the exchange during the first 5 contract years for a *Lincoln MYGuaranteeSM Plus* Fixed Annuity. Also, you may pay a surrender charge if you make withdrawals from the new annuity during the early years you own it.

Does buying an annuity in a retirement plan provide extra tax benefits?

Buying an annuity within an IRA, 401(k), or other tax-deferred retirement plan does not give you any extra tax benefits. Choose your annuity based on its other features and benefits as well as its risks and costs, not its tax benefits. You should consider other annuity features, including the availability of lifetime payments and death benefit protection.

Tax information reflects Lincoln’s understanding of current federal tax laws as they apply to annuities. Tax laws are complex and subject to change and different interpretations. We do not give legal, accounting or tax advice. We suggest you seek the counsel of a qualified tax advisor regarding annuity taxation as it applies to you specifically.

APPROPRIATENESS VERIFICATION STATEMENT

The Lincoln National Life Insurance Company (Lincoln) Replacement Position Statement: Lincoln does not encourage the replacement of a long-term care policy, life insurance policy or annuity contract. Replacements should only occur when it is in the client’s best interest. Therefore, Lincoln expects each producer selling its products to determine the appropriateness of each replacement according to Lincoln’s guidelines prior to submitting an application to Lincoln. Before issuing a replacement policy, Lincoln must be reasonably satisfied that the product meets the client’s needs and objectives; that the client was fully educated on the advantages and disadvantages of a policy or contract replacement to have the knowledge necessary to make an informed decision; and that the client received complete and accurate replacement forms as required by state regulations.

Guidelines: Lincoln expects that each producer will discuss at least the following replacement issues and concerns with the client prior to submitting a replacement application to Lincoln:

- Potential reduction of current cash value due to new acquisition costs - how long will it take to recover the costs associated with the proposed policy or annuity contract.
- Potential tax implications of replacing the existing policy or annuity contract.
- Potential impact on client’s immediate liquidity needs.
- Potential impact of surrender charges on existing and proposed policy or annuity contract
- Potential increase in cost of insurance due to insured’s increased age.
- Potential for new contestability/suicide periods.
- Potential impact of variable factors on planned premiums.
- Circumstances under which the existing and proposed policy could lapse.
- Duration of coverage under the existing and proposed policy.
- Differences in features and benefits between the existing and proposed coverage or annuity contract.
- Differences in loan features and benefits between the existing and proposed coverage or annuity contract.

Producer Verification:

- I have discussed the advantages and disadvantages of discontinuing or modifying the existing long-term care policy, life insurance policy or annuity contract with my client, including the replacement concerns and issues mentioned above.
- I have determined that the existing coverage or annuity contract no longer meets the client’s insurance needs and objectives and that the proposed replacement is appropriate in accordance with the Lincoln Replacement Position Statement.
- I have used only company approved sales material in conjunction with this sale; and,
- I have left copies of all sales material with the applicant(s) at the time the application was submitted.

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

Premiums:

- Are they affordable?
- Could they change?
- You're older – are premiums higher for the proposed new policy?
- How long will you have to pay premiums on the new policy? On the old policy?

Policy values:

- New policies usually take longer to build cash values and to pay dividends.
- Acquisition costs for the old policy may have been paid; you will incur costs for the new one.
- What surrender charges do the policies have?
- What expense and sales charges will you pay on the new policy?
- Does the new policy provide more insurance coverage?

Insurability:

- If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.
- You may need a medical exam for a new policy.
- Claims on most new policies for up to the first two years can be denied based on inaccurate statements.
- Suicide limitations may begin anew on the new coverage.

If You are keeping the Old Policy as well as the New Policy:

- How are premiums for both policies being paid?
- How will the premiums on your existing policy be affected?
- Will a loan be deducted from death benefits?
- What values from the old policy are being used to pay premiums?

If You are Surrendering an Annuity or Interest Sensitive Life Product:

- Will you pay surrender charges on your old contract?
- What are the interest rate guarantees for the new contract?
- Have you compared the contract charges or other policy expenses?

Other Issues to Consider for All Transactions:

- What are the tax consequences of buying the new policy?
- Is this a tax-free exchange? (See your tax advisor.)
- Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?
- Will the existing insurer be willing to modify the old policy?
- How does the quality and financial stability of the new company compare with your existing company?

INSTRUCTIONS FOR REPLACEMENT REGULATIONS

New replacement regulations have been adopted in a number of states. The following steps are necessary to comply with the new regulations.

1. Existing Insurance

For each application, a producer is required to ask an applicant if he or she has any existing life insurance policies or annuity contracts. The producer and the applicant must complete and sign the statement on the application regarding existing policies or contracts.

2. Replacement Notice

If there are existing policies or contracts, the producer or the applicant must also complete and sign “Important Notice: Replacement of Life Insurance or Annuities”, Form 33503. This form must accompany the application whether or not a replacement is proposed. A copy must be provided to the applicant.

If there is a replacement, all policies and contracts to be replaced must be listed on the form in detail, including the reason for replacement. The producer is required to read the form aloud to the applicant or the applicant must initial the form to indicate that the reading was waived.

3. Sales Material

We require that only approved sales material be used. The regulations define “sales material” as a sales illustration and any other written, printed or electronically presented information created, completed or provided by the producer that is used in the presentation to the applicant. (A printed hard copy of any electronically presented sales material must be given to the applicant no later than the time of contract delivery.)

If there is a replacement, a producer must complete and sign “Appropriateness Verification Statement”, Form 33555, certifying that only company approved sales material was used and that copies were left with the applicant.

The producer must maintain documentation of all sales materials used.

The replacement regulations require that we contact the applicant after the contract is issued to affirm that you left copies of all sales materials used with the applicant. We make this contact via a letter. If the contract is mailed to you for delivery, it is your responsibility to provide this letter to the applicant with the contract. The regulations require this letter to be provided to the applicant within 10 days of the issue date.

13 Joint Owner Other Than A Spouse

Non-spousal joint owners do not receive the same tax favored treatment as spousal joint owners in certain situations.

- Current Internal Revenue Service rules require the gain of any annuity to be reported as taxable income following the death of the first non-spousal joint owner.
- At the death of the first non-spousal joint owner before annuity payments begin, a death benefit is payable to the surviving joint owner and the surviving joint owner can not continue to keep the contract in force.
- At the death of the first non-spousal joint owner after annuity payments begin, annuity payments will continue as provided under the payment option in effect.

14 Partnership And Limited Liability Company (LLC)

Section 72(u) of the Internal Revenue Code provides that a contract that is held by someone other than a natural person will not be treated as an annuity contract, and that the income accrued each year on the contract will not be tax deferred, but will be treated as ordinary income received by the owner each year. This differs from the tax treatment of an annuity contract owned by a natural person (that is, an individual), under which the income that accrues each year is generally not subject to taxation until a distribution is made from the contract.

Section 72(u) also provides certain exceptions to this rule, and allows the same favorable tax treatment to annuity contracts owned by certain types of trusts or other entities. The Internal Revenue Service (IRS) has issued non-binding guidance indicating that a deferred annuity contract owned by a partnership or LLC would not be eligible for tax deferral, regardless of whether the partnership or LLC holds the annuity contract as an agent for a natural person. Based upon the most recent information, it is possible that the IRS would view an annuity contract owned by a partnership or LLC as not being eligible for tax deferral. As such, the partnership or LLC could incur unintended and adverse tax consequences.

This information represents the Company's understanding of current federal tax laws, regulations and information issued by the IRS and is not intended to serve as tax or legal advice. You should consult your own attorney or tax advisor as to any tax, accounting or legal statements made in this section.

**3. NON-QUALIFIED ANNUITY, ENDOWMENT OR LIFE INSURANCE CONTRACT:
AUTHORIZATION FOR 1035 TAX-FREE EXCHANGE**

Please confirm the availability of these options with both the surrendering and receiving company.

Full Exchange

If purchasing a Life Insurance policy, select any of the following that apply:

Loan Carry Forward (Not available for annuities) Specify Loan Amount: \$ _____
See Note E. below.

Modified Endowment Contract (MEC)

Partial Exchange (Applicable to Annuity Contracts Only)

I wish to request a partial 1035 Exchange from the aforementioned annuity contract in the amount of:

\$ _____ or _____ % , or

Penalty Free Amount (This amount is subject to change based on the product provisions. Please check with the surrendering company to verify the amount)

A. I fully assign and transfer all claims, options, privileges, rights, title and interest to either all of the life insurance policy, all of the annuity contract or part of the annuity contract value identified in the Contract Information section on page 1 to the receiving company. The sole purpose of this assignment is to effect a tax-free exchange under Section 1035(a) of the Internal Revenue Code. All of the powers, elections, appointments, options and rights I have as owner of the contract, including the right to surrender, are now exercisable by the receiving company. Simultaneous with a full assignment, I also revoke all existing beneficiary designations under the Assigned Policy. Other than the above mentioned owner, no person, firm, or corporation other than myself and the insurer that issued the above numbered policy, has an interest in said policy. No proceedings in insolvency or bankruptcy have been instituted by or against me. I understand that the receiving company intends to surrender the contract for the cash value; or if this is a partial exchange, the portion assigned, subject to its terms and conditions, and to use the proceeds as the purchase payment for the new contract to be issued by the receiving company. I authorize the surrendering company to send the proceeds directly to the receiving company and understand that fees and surrender charges may apply. This exchange is subject to acceptance by the receiving company. The receiving company is not liable for changes in market value that may occur before the proceeds are received by the receiving company in good order and allocated to the new contract. Prior to the date of receipt of the proceeds by the receiving company, no value will accrue or be earned on the receiving company contract.

B. If this is a partial exchange, I understand that it is subject to Revenue Ruling 2003-76, which dictates how much of the original contract's cost basis must be allocated to the new contract. The cost basis should be allocated ratably between the two contracts based on the percentage of the value retained in the original contract and the percentage of the value transferred to the new contract. For example, if the contract value is \$100,000 and basis is \$50,000, and I assign 30% for a partial exchange, then \$15,000 (30% of \$50,000) of the basis would be applied to the new contract. I understand that the IRS has raised concerns about annuity contract owners using partial exchanges to avoid income tax, and I certify that I am not entering into this transaction for the purpose of reducing or avoiding income tax or the 10% penalty tax for early withdrawals.

I expressly represent that the sole purpose is to affect a partial 1035 exchange of an annuity contract. However, I acknowledge that Revenue Procedure 2011-38 states that withdrawals from annuitization, taxable owner or annuitant changes, or surrenders, other than an amount received as an annuity for a period of 10 years or more or during one or more lives, of either the original contract or the new contract during the 180 day period following the partial exchange, may affect the tax free status of the partial exchange.

Note: Other exceptions may apply and a subsequent direct transfer of all or a portion of either contract involved in the exchange could have tax and tax reporting consequences. Please consult your tax advisor. Please confirm with the carrier if they will support partial 1035 exchanges.

I acknowledge that the receiving company has made no representations concerning any tax treatment of this transaction. I understand that the receiving company has neither responsibility nor liability for the validity of this transaction or for my treatment under Section 1035(a) of the Internal Revenue Code or otherwise. Therefore, I agree to release and hold harmless the receiving company and its agents from any and all liability arising from, relating to, or in connection with, the taxation of a partial exchange of the above listed contract. I authorize the receiving company and the surrendering institution to share information necessary to maintain accurate records of the annuity cost basis and to ensure proper withholding and tax reporting. I have been directed to consult my tax or legal advisor before proceeding.

C. I authorize the receiving company to rely upon the cost basis information provided by the surrendering company, but agree that the receiving company will assume no responsibility for determining or verifying cost basis. If cost basis is not provided, I acknowledge that more restrictive or less beneficial tax rules may apply to the amounts transferred. I acknowledge that the receiving company provides this form and participates in this transaction as an accommodation to me. The receiving company does not give tax or legal advice on the tax consequences for replacing one contract for another, and assumes no responsibility or liability for the validity of this assignment or for the tax treatment of this exchange under IRC Section 1035(a) or other laws or regulations.

**3. NON-QUALIFIED ANNUITY, ENDOWMENT OR LIFE INSURANCE CONTRACT:
AUTHORIZATION FOR 1035 TAX-FREE EXCHANGE (continued)**

- D. I agree that if the receiving company, in its sole discretion, determines that it is unlikely to receive timely payment of the full contract cash surrender values, the receiving company may reassign ownership of the policy/contract back to me.
- E. LOAN CARRY FORWARD - IF THE BOX ABOVE IS NOT CHECKED, THE RECEIVING COMPANY WILL ASSUME THAT THE LOAN(S) IS/ARE NOT TO BE CARRIED FORWARD. If this box is checked, I request that the policy to be issued by the receiving company be subject to indebtedness equal to the loan on the existing policy. I acknowledge that when issued, the provisions of the receiving company policy will apply to the indebtedness and that the benefits and values of that policy will be reduced accordingly for the amount loaned and interest. I understand that the receiving company may not process this request prior to issuing a policy under the following conditions: Surrender value is insufficient as determined by the receiving company policy's specifications or the existing insurer does not provide confirmation of cost basis with acknowledgement of loan carried forward.

I wish to liquidate and transfer:

- Entire Value or Partial Value, in the amount of: \$ _____ or _____ % of the above referenced account directly to the receiving company.

The receiving company will apply all such funds received to an annuity contract issued to me. I understand that the receiving company assumes no responsibility for tax treatment of this matter and I shall be responsible for payment of all federal, state and local taxes incurred with respect to the liquidation of such account. I acknowledge that the earnings credited under the annuity contract will begin to accrue when the receiving company receives these proceeds and all other necessary paperwork in good order. For index annuities, fixed account interest under the annuity contract will begin to accrue on the next Issue Day.

This request is for the direct transfer / exchange of non-ERISA funds from the TSA/403(b) (annuity contract) or 403(b)(7) (custodial account) identified in Section 1 of this form to a TSA/403(b) (annuity contract) established on my behalf by the receiving company. I hereby agree to surrender my interest as indicated above and authorize the receiving company to take whatever action necessary to effect this transfer / exchange. I acknowledge that the transferred / exchanged funds shall be subject to the more stringent restrictions on distributions found in either the predecessor annuity contract or the receiving annuity contract. I intend this transaction to be a 403(b) transfer / exchange of funds pursuant to IRS code section 403(b) and the final regulations. The transfer / exchange is to be executed from financial institution to financial institution in such a manner that it will not place me in actual or constructive receipt of all or any part of the transferred / exchanged funds. - As soon as possible after receipt of all necessary forms On a specific date: _____
 At Maturity Date: _____ (Date must be prior to the maturity date of the existing contract)

If no box is checked, I understand that the liquidation will be done as soon as possible. Proceeds should be transferred to the receiving company immediately following liquidation. I understand that fees and charges may apply if the transfer is processed before the maturity date.

7. RETURN OF LIFE INSURANCE POLICY OR ANNUITY CONTRACT

Does not apply to partial 1035 exchanges on annuity contracts. Unless the surrendering company's policy or contract is attached, I affirm that the policy or contract has been destroyed or lost and that reasonable effort has been made to locate it. To the best of my knowledge no one else has any right, title or interest in the contract, nor has it been assigned, pledged or encumbered, unless this is a life insurance policy with a loan to carry forward.

8. MAXIMUM ISSUE AGE DISCLOSURE

An annuity contract may not be issued should the funding requirements be received after reaching maximum issue age for the annuity contract applied for. If the funds are received after the maximum issue age, the contract may be rejected and the funds returned to their original source. The surrendering company may or may not take the funds back, which could result in a taxable event.

3. I am a U.S. person (including a U.S. resident alien).
